#### INDIANA'S EXHIBIT TO BE RICH WITH SCHOOL LORE

Capitol for the St. Louis World's Fair.

WORK CLASSIFIED LETTERS TO COUNCILMEN

Prof. W. A. Millis, superintendent of schools at Crawfordsville, who has the Council providing for a \$1,000 tax upon each management of the Indiana educational ex- brewery, distillery, or agent of either, is a hibit at the St. Louis exposition, has made discrimination, the three local brewerles rapid progress with his work during the have protested to each member against the past few weeks and is now able to give passage of the ordinance. a comprehensive statement of the nature and extent of the exhabit. Professor Millis American and Indianapolis Brewing Comis working under the supervision of Fas- panies, the attention of councilmen is drawn sett A. Cotton, State superintendent of pub- to a recent instance that would seem to He instruction, and under the general direc- support the brewers' stand. They say that tion of the educational committee of the in order to evade the payment of the tax, world's fair commission, composed of Senator Fremont Goodwine, of Williamsport, C. C. Shirley, of Kokomo, and D. W. Kinsey, of New Castle.

Professor Millis was at the Statehouse yesterday and in talking of his work said that the educational exhibit will occupy a most conspicuous place in the palace of education. It will cover a floor space of 2,000 square feet, he said, and has been assigned to the first section at the east en-

MATERIAL AT HAND. "The exhibit will exploit not only the work of the public schools, elementary and PAIR OF SMALL BOYS high, but also the work of the colleges, universities, normal schools, private institutions and publicalibraries of the State," said Professor Millis. "The details of organization and management are alreay well determined, and much of the material is now in hand. The exhibit will be installed, ready for inspection, before the opening of the ex-

The exhibit of the colleges and normal chools will be made in a special booth and is being prepared by individual institutions along lines suggested by the management. These will include a display of physical equipment by means of photographs, the number and strength of teaching faculties, curricula, college regulations, growth in atpublications and publications by individual members of the faculties and

"The University of Notre Dame, for instance, will exhibit by photographs its fine Military Institute offers a unique contribox in the upper part of the door of which is a glass panel. Looking through the upper part of the glass is revealed a panorama of Culver buildings and grounds Looking through the lower part of the panel and turning a small crank at the right hand, which sets a picture machine going, there is brought before the eye a series of photographs showing every stage in the process of converting the raw recruit into a finished young military gentleman. "The normal schools will make a special effort to show the facilities of the State

for training teachers. 'Indiana's ilbrary system will be exploited in an exhibit prepared by State Librarian W. E. Henry. By means of a monograph and photographs he will show our library legislation, the organization and work of the State library, and the history, buildings, equipment, support and patronage of all public libraries. A special feature of Mr. Henry's exhibit will be the photographs and architect's plans of the large number of fine library buildings which have recently been erected throughout the State. 'The public school exhibit is organized to

quantity of written work of pupils from all parts of the State, selected and sifted with the greatest care, prepared on paper of uniform size and quality and well bound. This material will be selected to show not only e attainments of the pupils, but courses of study, methods of instruction and equipment. A large collection of photographs of pils at work in the classroom will be exbited, showing their surroundings and general appearance. The special features

EXHIBIT OF SCHOOL MACHINERY. "First-A history of education in Indiana portraying the development not only of schools, but of all phases of educational effort, and the introduction of new elements into the system. This monograph has been prepared by Prof. C. N. Peak, of Franklin

"Second-A monograph and a series of graphics, prepared by the Department of Public Instruction, exploiting the school machinery of the State. This will show in simple and attractive form the organization of the school system, powers and duties of school officers, the number, character and pensation of teachers, school finance, courses of study, etc. This display will also include a number of statistical and graphic charts showing the progress of education in Indiana since 1876.

"Third-The provision of high school facilities for all the youth of the State, a particular in which Indiana has made great progress during the last ten years, and in which she has taken advanced position among her sister States, will be exploited in series of charts and a special monograph. This exhibit will comprise cuts of buildings and equipment, names, collegiate and professional standing of high school teachers, bles of expenditures and a map of the state showing the location of every high

"Fourth-The consolidation of rural chools will receive special consideration. Photographs and graphics will show the extent to which the movement has proressed, the results of the change, cost, mproved conditions, etc.

"Fifth-The extensive introduction manual training and art instruction in all of the schools of the State will be given a prominent place. This exhibit will consist of displays of type work of pupils, and ographs of shops, laboratories, classcoms and classes at work.

'Sixth-A prominent feature of the photographic display will be the exhibit of school itecture and furnishings. There will e hundreds of photographs of school buildngs, furniture, apparatus, decorations and sanitary equipments. Also architect's plans for many of the finest and most modern chools in the State.

"Seventh-The various educational assodations of the State will be exhibited in carefully written historical statements. "Eighth-A special feature will be secured by such installation of the exhibit as t form a series of school types. This series will comprise the material of a typical rural school, a typical consolidated school, s typical township high and graded school typical small city school and the work of one of the larger cities of the State. This material will be arranged so that the

visitor may at a glance see the standards of efficiency for each class of schools in LARGER CITIES REPRESENTED.

"The entire exhibit will be catalogued like a library in such manner that a visitor may at once have placed before him all the material in the exhibit bearing upon any particular line of instruction or administration in which he may be interested. Material for the exhibit is being submitted by about seventy counties and ninety towns and cities. Special care is being taken in the preparation of exhibits by Indianapolis, Richmond, Fort Wayne, Evansville, Maron, Kokomo, South Bend, Columbus, Trawfordsville, Franklin, Greencastle, comington, Shelbyville, East Chicago and Benton and Delaware counties are among to the Appellate Court. those that are submitting very carefully prepared material."

enator Goodwine, Prof. Millis and State time to the work of arranging an exhibit ing suit. that will be in keeping with the public schools and educational institutions of which Indiana people are proud. Prof. illis's statement of the scope of the exalbit shows that the work has been horoughly systematized, while the great quantity of exhibits already received at the office of the State superintendent of He instruction shows that the pupils, teachers and school officials of the State are deeply interested in making Indiana's restaurant. The police entered the restaurtion all that it should be.

#### BREWERS SAY THEY ARE VICTIMS OF INJUSTICE

Mass of Material Gathered at the Object to Payment of \$1,000 Tax Which Foreign Competitors Are Able to Evade.

In a letter signed by officers of the Home, businesses into wholesale houses and continue as formerly. The brewers say that they will thus evade the payment of the tax, as they are upheld by recent court decisions in their action.

They also claim that they have no recourse under the law, being compelled to submit to the tax while their foreign competitors are exempt. They say that they do not object to the payment of the tax, but do not believe that the Council will consent to an unfairness. It is probable that the matter will be considered by the councilmen at their next meeting.

al. Pulaski C. C. Appellant's reply brief Sam Evans Is Accused of Stealing Money from His Employers.

For breaking into the office of the Peo-

ple's Coal and Ice Company and robbing the safe of nearly \$10. Sam Evans, who had been employed at times by the firm, was arrested at the Park Theater yesterday afternoon by Detectives Asch and Manning. When examined by the officers at police station Evans at first denied taking the money. He said that he drew his wages, amounting to \$8, from the company at noon. that he had paid a \$4 board bill, purchased a new pair of shoes and taken a friend to the Park Theater. When searched \$4.75 of the money was found in his possession. He

then admitted his guilt. S. J. Carr, a member of the firm, told the officers that Evans was not regularly employed by them and that he had been paid \$1.75 for some work he did. The office has been burgiarized several times lately and the safe was blown once. The safe was left open yesterday and Evans entered the office by forcing the lock of the rear door.
